## **BEST PRACTICES OF INSTITUTION**

*(Annexure III)*

### **I) STUDENT MENTOR-MENTEE SCHEME**

The College runs Student Mentor-Mentee Scheme for all discipline. Each faculty member has given 30 to 40 students as per his/her subject at the beginning of academic year. The mentor faculty monitor their progress at every level; the monitoring system helps to improve mentee's academic performance and co-curricular. Mentor is not only limited with academic performance but he/she also look into the strengths and weakness in the personal life. At some level mentor helps to solve their personal problems. Strength of students is observed by mentor and gives apt suggestions to set long term career goals. Each year, mentor calls two students and parents meeting of assigned mentees. In that meeting, mentor do counselling regarding their wards overall development. In the same meeting, constructive suggestions are made for the development of the mentee. As a result of all these things, students' performance has been increased. Mentor's proper communication and support, they developed self esteem, appreciation for one-self and respect for others and most important the scheme developed new insight for their career.

### **II) RESEARCH SEEDS: CURIOSITY FOR INNOVATION**

The title of the scheme itself reveals all. College has started this practice for the students to explore the new things. IQAC has established a committee of five people for research seeds. The selection of committee member is taken from different streams. Every year, the committee members select the student of their streams. Committee and IQAC appoint research supervisor for different subjects. Work of appointed supervisor is to guide the allotted students regarding research and methodology. Even more, Committee and IQAC organises research program for all streams. Students have given freedom to choose topic of his/her own interest for research project. The duty of supervisor is to guide the students as per his/her topic. At the end of the year, all handwritten or typed projects collected by concern supervisors. Moreover, college organises state level science exhibition, state level research projects competition for social science students and other research activates. Research Seeds really encourage their curiosity for innovation. It has developed creative and innovative thinking among students.
